OPENING the week's festivities President and Mrs. Carl Gregg Doney were hosts last night for a large reception at their residence on State street in honor of the seniors and the members of the faculty of Willamette University.

Dr. and Mrs. Henry Talbot, Dr. and Mrs. George H. Alden and Miss Junia Todd received with the hosts. At the door the guests were greeted by Mrs. Gustave Ebsen and Mrs. John Hall and Miss Mattie Beatty.

About 400 women and their escorts thronged the rooms of the Doney residence, which were artistically adorned with quantities of lovely blossoms. In the reception hall yellow roses and ivy were used.

During the first hour Mrs. R. S. Wallace, Mrs. E. T. Barnes, Mrs. R. J. Hendricks and Mrs. R. N. Avison presided, their places being taken later by Mrs. A. N. Bush, Mrs. Thomas B. SAY ROOSEVELT WILL BACK GENERAL WOOD

Visitors Say Colonel Intimated This, In Case He Cannot Be Named

New York, June 6.—That Theodore Roosevelt will support General Leonard Wood for the republican nomination if his name comes seriously before the convention was the news that reached here today from Oyster Bay. It came from two of the colonel's visitors. He made the statement to them, they said, in the course of a general conversation.

According to the colonel's visitors, who asked that their names be withheld, Roosevelt believes a man eminent fitted for the labor that will develop upon the next president of the United States. The colonel's visitors said that, in the event of the nomination of Wood, he would have the continued and ardent support of Roosevelt. Their conversation did not indicate that the colonel will jump out in the support of Wood immediately, but that rather if the bandit, drug and Wood climbs up in the list, Roosevelt would then hurl his entire strength into the Wood camp in an effort to jam him through.

Roosevelt declined to say a word on the speech of Justice Hughes. After receiving his visitors at Oyster Bay, Roosevelt came to New York, going first to the office of Scribner's Magazine and later to his dentist. This afternoon he will go to his offices at the Metropolitan Magazine and later to the Harvard club to see friends on business, but not on political business. He intends to return to Oyster Bay and his private telephone line at five o'clock.

Until this morning Roosevelt has been at the telephone constantly since its installation several days ago. A secretary took up the vigil when Roosevelt left home and through the morning apprised the colonel of the moves on the board.

CARRANZA'S TROOPS CHASE NO BANDITS

Try to Obstruct Movements of Americans, But Let Bandits Alone

Columbus, N. M., June 6.—Active obstruction tactics have been taken by detachments of the 20,000 Carranza troops recently moved south of the American expeditionary forces. High military authorities stated today that all search for bandits farther south of the present American lines had been abandoned because of the Carranzistas' actions. A close watch is being kept on the movements of the de facto government troops. They have made no effort to co-operate or aid the American forces. When the attention of the Carranzistas was called to bandits near them, the de facto troops took no action.

General Pershing expressed the belief that the motor truck roads will be able to stand the heavy traffic during the coming rainy season.

May Change Base.

El Paso, Texas, June 6.—Namiquipa, the present southern base of the American army in Mexico, will be abandoned before the end of June in favor of El Valle, according to reliable information here today. Three regiments are reported already moving northward.

THE members of the younger piano class of Miss Beatrice Shelton closed their season's musical activities Saturday afternoon with a musical-banquet in the parlors of the First Congregational church, which was one of the most attractive and interesting affairs that has marked an unusually attractive and interesting season for the young participants.

CITY NEWS

Salem folks in Portland this week will note that in waiting for a street car, they will be obliged to do their waiting on the near side of the street, as the Portland service has adopted this most approved rule of stopping all cars. Many cities in the east are using this system of stopping cars on the near side of the street, thus reducing the hazard of accident. The only two systems in Oregon that are using this up-to-date method are those of Portland and Eugene.

Mr. and Mrs. Robert McCrow who were seriously injured Sunday evening in an automobile accident near West Salem are reported today to be slowly improving at the Salem hospital, although it will be some time before they will be able to return to their home at Goldendale, Wash. Mr. McCrow's daughter and sister are also at the hospital. Mr. Fisher of Stayton, who was with the party in the overturned car, was able to leave the hospital yesterday.

The library of the society, Sons of the Revolution in the state of California, at Los Angeles, will gladly receive donations of old books and manuscripts. The library is especially anxious to receive old books and letters from people who have been in the habit of storing their unused books and old papers in attics and old trunks. The society asks the privilege of selecting what might be of historical value and for this reason would like everyone who has collections stored away, just to send them all to the society in care of the Citizens' National Bank, Los Angeles. It is the business of the society to preserve history and records.

On behalf of the board of regents and faculty of the Oregon Normal school, invitations have been sent out by the president inviting attendance at the commencement exercises beginning June 10 and closing June 13. What Is Uric Acid?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Amuric," which will throw out and completely eradicate this uric acid from the system. "Amuric" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Amuric," or send 10 cents for a trial package of "Amuric Tablets."

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's Amuric Tablets. They are put up in 50-cent packages.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the lile of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Day. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.
